“ Loved Lana. We had some good laughs together. We were both Aggie fans. We even went to a game together.

“ Lana was one of my dearest Jr. High and high school friends and I will miss visiting her when I visit Cache Valley in the summers. We shared so many experiences and I learned so much from her. I enjoyed spending time in her home during my teenage years and her mother even taught me how to make divinity—which I still make and share with friends. Lana was a loyal friend you could confide in and she was so much fun to be with. One thing that always amazed me was that even though she was left-handed, she pitched with her right hand, and she was a great pitcher. I used to play catcher and my hand would be so sore because she pitched that ball so hard. She helped me get a job in the Purchasing Dept. at Utah State when She worked there and that made it possible for me to complete my education. She was a dear friend and will truly be missed. I love you, Lana.
